Reporting Organization: Community Health System
HCAI Hospital ID: 106100717
Report Period Start Date: 01/01/2021 Report Period End Date: 12/31/2021

Policy Statement

Supplier Diversity Policy Statement (**enter N/A if the facility does not have a supplier diversity policy statement**)

As a locally owned and operated healthcare network, Community Medical Centers respects and celebrates the Central Valley's rich and diverse heritage. Our commitment to diversity and inclusion is a cornerstone of our patient care and work culture. All are welcome as valued members of our community whether patient, employee, physician, student or visitor. Creating a truly diverse workplace includes prioritizing diverse suppliers of goods and services. Our high standards of service excellence are supported by obtaining the best value, seeking local vendors when possible, maintaining the highest ethical principles and facilitating the inclusion of diverse suppliers.

Outreach & Communication

How does your hospital encourage and seek out minority, women, LGBT, and disabled veteran business enterprises to become potential suppliers?

Community Medical Centers' (CMC) commitment is to make supplier diversity an integral part of our Supply Chain Management (SCM) strategy. CMC looks to implement a purchasing policy for our hospital system that provides certified minority, women, service-disabled, veteran-owned, LGBTQ and small business enterprises the maximum opportunity to participate as suppliers of goods and services.

How does your hospital encourage its employees involved in procurement to seek out minority, women, LGBT, and disabled veteran business enterprises to become potential suppliers?

CMC employees are expected to commit themselves to its implementation through integration into direct purchasing and distribution strategies. We are developing an in-house process for capturing the diversity data within our ERP. We are also working with our GPO Premier to develop a process

/ strategy for our team that will enable them to seek out potential suppliers to meet the diversity requirements.

How does your hospital conduct outreach and communication to minority, women, LGBT, and disabled veteran business enterprises?

Community resources are an integral part of CMC outreach. We will work with identified community resources to get involved with certified minority, women, service-disabled, veteran-owned, LGBTQ and small business enterprises and contractors. Examples of community resources include: • National Minority Supplier Development Council (NMSDC) or one of the 23 Affiliate Councils • African American and Hispanic Chambers of Commerce – {Note: CMC is a member of our local Black Chamber of Commerce} • Women’s Business Enterprise National Council (WBENC) or one of the 13 Affiliate Councils • Vets First Verification Program (Vetbiz.va.gov) • National Gay and Lesbian Chamber of Commerce (NGLCC)

Supplier Certification

How does your hospital support organizations that promote or certify minority, women, LGBT, and disabled veteran business enterprises?

CMC’s diversity statement is prominently located on our public website. We are also in the process of building a separate web page to house our policy statement, supplier registration portal, Supply Chain team contact information (by Buyer), and post hospital contract opportunities.

Do you require suppliers to be certified? No

Do you accept self-certification? No

Diverse Procurement Spending – Minorities

For the reporting period, enter the dollar amounts procured by your hospital from those business enterprises that employ the majority of their workforce in California. If details are not available, enter **Total Procurement** amounts only.

Third-Party Procurement

Does your hospital use a third-party procurement company (for example, a Global Purchasing Organization)?

Yes

Procurement Company Name: Premier Inc.

Website: <https://premierinc.com/>

Additional Information

Supplier Diversity Policy Statement (**enter N/A if the facility does not have a supplier diversity policy statement**)

In the Unknown section under the Minority Owned Category, we have also included Small Business spend as there was not a specific entry section for small business. We are partnering with our GPO (Premier) and Distributor (Medline) as we grow and establish our program.
